

# Swiss Pelvic & Acetabular Course

Zurich  
17 – 18 January 2020

Cadaver  
Workshops

[swiss-pelvic-and-acetabular-course.com](http://swiss-pelvic-and-acetabular-course.com)

**USZ** Universitäts  
Spital Zürich

A Complete System with  
Different Options

M.U.S.T. SI “Sacro Iliac Screws System” is the Medacta platform is intended for sacroiliac **joint fusion** for skeletally mature patients suffering from sacroiliac joint disruptions.

The M.U.S.T. SI screws are coated with porous and rough **Hydroxyapatite** to promote bone apposition and are designed with hollow-body and multiple fenestrated patterned shafts to promote **arthrodesis**.

Medacta offers a comprehensive range of screw lengths to accommodate patient anatomy and “One-size-fits-all” washers with Favoured angles capable to accommodate extreme angulation and allow compression.

Dear participants,

Welcome to Zurich, a vivacious city with a long history of excellent **trauma care!**

Fractures of the acetabulum and the pelvic ring continue to represent a challenge in patients with **acute high-energy injury**. Also, there is an increasing number of similar injuries in the elderly population, both in high- and low-energy injuries.

This course is designed to cover all aspects of care and focuses on **new surgical techniques** and the most **recent innovations** in visualisation, including **virtual reality options**. Along with a number of **world-renowned experts**, we are happy to share this state-of-the-art knowledge with you. The second course day is dedicated to various **practical activities**, including a full **workshop in cadavers**.

Hans-Christoph Pape  
on behalf of the organising committee

Marius Keel

Andreas Platz

Kai Sprengel

## DAY 1

### Lectures (UniversitätsSpital Zurich)

#### Session I Principles

Chairmen: *K. Sprengel, R. Sen*

- 8:00 – 8:30 Radiographic analysis and classification of acetabular fractures  
*E. Gautier, Fribourg*
- 8:30 – 8:50 Radiographic analysis and classification of pelvic ring fractures  
*R. Sen, Chandigarh*
- 8:50 – 9:00 Changing patient demographics  
*R. Pfeifer, Zurich*

#### Session II Emergency measures

Chairmen: *A. Platz, H.-C. Pape*

- 9:00 – 9:20 What are emergencies in acetabular injuries?  
*K. Sprengel, Zurich*
- 9:20 – 9:30 What are emergencies in pelvic ring injuries?  
*A. Platz, Zurich*
- 9:30 – 9:40 What are emergencies in geriatric patients?  
*C. Mauffrey, Denver*

9:40 – 10:10 COFFEE BREAK

#### Session III High-energy injuries – Fixation of pelvic ring

Chairmen: *T. Pohlemann, C. Mauffrey*

- 10:10 – 10:25 Surgical strategies – How I do it  
*T. Pohlemann, Homburg*
- 10:25 – 10:40 Is there a role for minimal invasive surgeries?  
*C. Mauffrey, Denver*
- 10:40 – 10:55 Revision surgery and late reconstructions  
*R. Sen, Chandigarh*
- 10:55 – 11:30 Case discussions: 20 years of “fire side experience”  
*T. Pohlemann, Homburg*

#### Session IV High-energy acetabulum injuries – Approaches and surgical decision making

Chairmen: *M. Keel, W. Lehmann*

- 11:30 – 11:40 Ilioinguinal approach  
*E. Gautier, Fribourg*
- 11:40 – 11:50 Anterior intrapelvis approach (Stoppa like)  
*K. Sprengel, Zurich*
- 11:50 – 12:00 Alternative approaches (Pararectus)  
*M. Keel, Zurich*

12:00 – 12:10 Posterior approach (Kocher-Langenbeck)  
*W. Lehmann, Göttingen*

12:10 – 13:40 LUNCH BREAK

13:40 – 14:10 Trochanteric flip and hip dislocation  
*M. Dietrich, Zurich*

14:10 – 14:30 Special approaches (ext. iliofemoral, Smith Petersen)  
*P. Rommens, Mainz*

14:30 – 14:45 Minimal invasive techniques  
*C. Mauffrey, Denver*

14:45 – 14:55 Case based lecture: Late reconstructions  
*H.-C. Pape, Zurich*

14:55 – 15:30 Case discussions: Acetabulum  
*W. Lehmann, Göttingen; J. Bastian, Bern*

15:30 – 16:00 COFFEE BREAK

#### Session V Geriatric fracture management

Chairmen: *P. Rommens, H.-C. Pape*

16:00 – 16:20 Geriatric fracture classification (FFP)  
A new understanding of fracture pathology  
*P. Rommens, Mainz*

16:20 – 16:35 Fixation of acetabular fractures – How I do it  
*R. Sen, Chandigarh*

16:35 – 16:50 Indications for spinopelvic fixations – case based  
*K. Sprengel, Zurich*

16:50 – 17:05 Role of cement augmentation  
*C. Werner, Zurich*

17:05 – 17:20 Role of acute arthroplasty  
*P. Zurmühle, St. Gallen*

17:20 – 17:30 Principles of orthogeriatric co-management  
*N. Suhm, Basel*

17:30 – 17:40 Management of osteoporosis in geriatric patients – how to prevent secondary fractures?  
*G. Freystätter, Zurich*

17:40 – 18:00 Case discussions: Geriatrics  
*J. Bastian, Bern; R. Sen, Chandigarh*

18:00 – 19:15 Travel to Solothurn

19:30 Course Dinner at Solheure Solothurn (Zuchwil)

= with voting App

**DAY 2** Practical exercises & approaches (DePuy Synthes Solothurn)

9:00 – 16:00

**Session I Anterior and posterior approaches**

Anterior approach to the symphysis

*K. Sprengel, Zurich*

Ilioinguinal approach

*H.-C. Pape, Zurich*

Kocher-Langenbeck approach

*W. Lehmann, Göttingen*

Pararectus approach

*M. Keel, Zurich***Session II Practical exercise: Pelvic C Clamp**

Application of the Pelvic C Clamp

Pelvic packing

(with video featuring E. E. Moore)

*C. Mauffrey, Denver***Session III Digital technologies in fracture fixation***Members of the DPS team***Session IV Group case discussions**

Fireside

*T. Pohlemann, Homburg***Only limited spots available –  
Make sure to register early!****Solheure – the Place to be in Solothurn**

A former abattoir right next to the Aare in Solothurn. Space to relax, have great experiences and enjoy life. A meeting point for everyone – a place to relax and feel at home. To discuss and philosophise. Solheure is a bar, lounge, restaurant and event venue that combines Solothurn's joie de vivre with easy-going hospitality. Meet your course colleagues and exchange your experiences. What did you like most or what was most amazing? Meet old friends and make new contacts. Crossing borders through networking and specialist exchange. We look forward to seeing you there!

**Date**

17 January 2020

As of 30 August 2019

**Bastian**, Johannes, Assistant Professor  
University of Bern

**Dietrich**, Michael, Assistant Professor  
Waidspital, Zurich

**Freystätter**, Gregor, Assistant Professor  
UniversitätsSpital Zurich

**Gautier**, Emanuel, Professor  
HFR Freiburg - Kantonsspital, Villars-sur-Glâne

**Keel**, Marius, Professor  
Klinik Hirslanden, Zurich

**Lehmann**, Wolfgang, Professor  
University of Göttingen

**Mauffrey**, Cyril, Professor  
Denver Health, Denver

**Pape**, Hans-Christoph, Professor  
UniversitätsSpital Zurich

**Pfeifer**, Roman, Assistant Professor  
UniversitätsSpital Zurich

**Platz**, Andreas, Professor  
Traumatology Triemli Spital, Zurich

**Pohlemann**, Tim, Professor  
University of Homburg

**Rommens**, Pol, Professor  
Department of Traumatology, Mainz

**Sen**, Ramesh, Professor  
Chandigarh Hospital, Chandigarh

**Sprengel**, Kai, Assistant Professor  
UniversitätsSpital Zurich

**Suhm**, Norbert, Professor  
UniversitätsSpital Basel

**Werner**, Clement, Professor  
Klinik Hirslanden, Zurich

**Zurmühle**, Pia, MD  
Kantonsspital St. Gallen

## KEY FACTS

### Date

17 – 18 January 2020

### Venue Lectures

UniversitätsSpital Zürich  
Hörsaal OST  
Gloriastrasse 29  
8091 Zürich  
Switzerland

### Venue Practicals (cadaver workshop)

J&J Institute, DePuy Synthes –  
Johnson & Johnson  
Luzernstrasse 21  
4528 Zuchwil (Solothurn)  
Switzerland

### Scientific Chair

Hans-Christoph Pape, MD

### Co-Chairmen

Marius Keel, MD  
Andreas Platz, MD  
Kai Sprengel, MD

### Initiator

UniversitätsSpital Zürich  
Rämistrasse 100  
8091 Zürich  
Switzerland

### Course Organiser

Intercongress GmbH  
Ingeborg-Krummer-Schroth-Str. 30  
79106 Freiburg

### Registration Fee

#### Lectures (Day 1)

	Early Registration until 31 October 2019	Late Registration from 1 November 2019
Surgeon	EUR 250	EUR 300
Doctor-in-training (Fellow, Resident)	EUR 200	EUR 250
Physiotherapist	EUR 150	EUR 200
Student	EUR 150	EUR 200

#### Lectures and Cadaver-Workshop (Day 1 + Day 2)

Surgeon	EUR 500	EUR 550
Doctor-in-training (Fellow, Resident)	EUR 450	EUR 500

Please register on the course website: [swiss-pelvic-and-acetabular-course.com/registration](http://swiss-pelvic-and-acetabular-course.com/registration)

### Certification

The course will be submitted for accreditation by Swiss Orthopaedics.

### Accommodation

For room reservations in Zurich or Solothurn please visit the course website:
