A Complete System with
Different Options

M.U.S.T. SI “Sacro Iliac Screws System” is the Medacta platform is intended for sacroiliac **joint fusion** for skeletally mature patients suffering from sacroiliac joint disruptions.

The M.U.S.T. SI screws are coated with porous and rough **Hydroxyapatite** to promote bone apposition and are designed with hollow-body and multiple fenestrated patterned shafts to promote **arthrodesis**.

Medacta offers a comprehensive range of screw lengths to accommodate patient anatomy and “One-size-fits-all” washers with Favoured angles capable to accommodate extreme angulation and allow compression.

Dear participants,

Welcome to Zurich, a vivacious city with a long history of excellent **trauma care!**

Fractures of the acetabulum and the pelvic ring continue to represent a challenge in patients with **acute high-energy injury**. Also, there is an increasing number of similar injuries in the elderly population, both in high- and low-energy injuries.

This course is designed to cover all aspects of care and focuses on **new surgical techniques** and the most **recent innovations** in visualisation, including **virtual reality options**. Along with a number of **world-renowned experts**, we are happy to share this state-of-the-art knowledge with you. The second course day is dedicated to various **practical activities**, including a full **workshop in cadavers**.

Hans-Christoph Pape
on behalf of the organising committee

Marius Keel

Andreas Platz

Kai Sprengel

DAY 1

Lectures (UniversitätsSpital Zurich)

Session I Principles

Chairmen: *K. Sprengel, R. Sen*

- 8:00 – 8:30 Radiographic analysis and classification of acetabular fractures
E. Gautier, Fribourg
- 8:30 – 8:50 Radiographic analysis and classification of pelvic ring fractures
R. Sen, Chandigarh
- 8:50 – 9:00 Changing patient demographics
R. Pfeifer, Zurich

Session II Emergency measures

Chairmen: *A. Platz, H.-C. Pape*

- 9:00 – 9:20 What are emergencies in acetabular injuries?
K. Sprengel, Zurich
- 9:20 – 9:30 What are emergencies in pelvic ring injuries?
A. Platz, Zurich
- 9:30 – 9:40 What are emergencies in geriatric patients?
I. Tarkin, Pittsburgh

9:40 – 10:10 COFFEE BREAK

Session III High-energy injuries – Fixation of pelvic ring

Chairmen: *T. Pohlemann, I. Tarkin*

- 10:10 – 10:25 Surgical strategies – How I do it
T. Pohlemann, Homburg
- 10:25 – 10:40 Is there a role for minimal invasive surgeries?
I. Tarkin, Pittsburgh
- 10:40 – 10:55 Revision surgery and late reconstructions
R. Sen, Chandigarh
- 10:55 – 11:30 KEY NOTE LECTURE
Case discussions: 20 years of “fire side experience”
T. Pohlemann, Homburg

Session IV Part I High-energy acetabulum injuries – Approaches and surgical decision making

Chairmen: *M. Keel, W. Lehmann*

- 11:30 – 11:40 Ilioinguinal approach
H.-C. Pape, Zurich
- 11:40 – 11:50 Anterior intrapelvis approach (Stoppa like)
K. Sprengel, Zurich
- 11:50 – 12:00 Alternative approaches (Pararectus)
M. Keel, Zurich

12:00 – 12:10 Posterior approach (Kocher-Langenbeck)
W. Lehmann, Göttingen

12:10 – 13:40 LUNCH BREAK

Session IV Part II

- 13:40 – 14:10 Trochanteric flip and hip dislocation
J. Bastian, Bern
- 14:10 – 14:30 Special approaches (ext. iliofemoral, Smith Petersen)
P. Rommens, Mainz
- 14:30 – 14:45 Minimal invasive techniques
I. Tarkin, Pittsburgh
- 14:45 – 14:55 Case based lecture: Late reconstructions
H.-C. Pape, Zurich
- 14:55 – 15:30 Case discussions: Acetabulum
W. Lehmann, Göttingen; J. Bastian, Bern

15:30 – 16:00 COFFEE BREAK

Session V Geriatric fracture management

Chairmen: *P. Rommens, H.-C. Pape*

- 16:00 – 16:20 Geriatric fracture classification (FFP)
A new understanding of fracture pathology
P. Rommens, Mainz

16:20 – 16:35 Fixation of acetabular fractures – How I do it
R. Sen, Chandigarh

16:35 – 16:50 Indications for spinopelvic fixations – case based
K. Sprengel, Zurich

16:50 – 17:05 Role of cement augmentation
C. Werner, Zurich

17:05 – 17:20 Role of acute arthroplasty
P. Zurmühle, St. Gallen

17:20 – 17:30 Principles of orthogeriatric co-management
N. Suhm, Basel

17:30 – 17:40 Management of osteoporosis in geriatric patients – how to prevent secondary fractures?
G. Freystätter, Zurich

17:40 – 18:00 Case discussions: Geriatrics
M. Dietrich, Zurich; R. Sen, Chandigarh

18:00 – 19:15 Travel to Solothurn

19:30 Course Dinner at Solheure Solothurn (Zuchwil)

= with voting App

DAY 2 Practical exercises & approaches (DePuy Synthes Solothurn)

9:00 – 16:00

Station I Cadaveric exercise – Anterior and posterior approaches

Lower Level
Wet Lab

Anterior approach to the symphysis
K. Sprengel, Zurich

Ilioinguinal approach
I. Tarkin, Pittsburgh

Kocher-Langenbeck approach
W. Lehmann, Göttingen

Pararectus approach
M. Keel, Zurich

Station II Practical exercise: Pelvic C Clamp

Ground Floor
Practical Exercise Room

Application of the Pelvic C Clamp
Pelvic packing
(with video featuring E. E. Moore)
I. Tarkin, Pittsburgh

Station III Digital technologies in fracture fixation

3rd Floor - 3.104

Virtual Reality Exercise, SPI Exercise
Members of the DPS team

Station IV Group case discussions

3rd Floor - Board
Room 3.101

Fireside
H.-C. Pape, Zurich
K. Sprengel, Zurich
I. Tarkin, Pittsburgh

Only limited spots available –
Make sure to register early!

Solheure – the Place to be in Solothurn

A former abattoir right next to the Aare in Solothurn. Space to relax, have great experiences and enjoy life. A meeting point for everyone – a place to relax and feel at home. To discuss and philosophise. Solheure is a bar, lounge, restaurant and event venue that combines Solothurn's joie de vivre with easy-going hospitality. Meet your course colleagues and exchange your experiences. What did you like most or what was most amazing? Meet old friends and make new contacts. Crossing borders through networking and specialist exchange. We look forward to seeing you there!

Date

17 January 2020

Venue

Registration Fee

Lectures (Day 1)

	Early Registration until 31 October 2019	Late Registration from 1 November 2019
Surgeon	EUR 250	EUR 300
Doctor-in-training (Fellow, Resident)	EUR 200	EUR 250
Physiotherapist	EUR 150	EUR 200
Student	EUR 150	EUR 200

Lectures and Cadaver-Workshop (Day 1 + Day 2)

Surgeon	EUR 500	EUR 550
Doctor-in-training (Fellow, Resident)	EUR 450	EUR 500

Please register on the course website: swiss-pelvic-and-acetabular-course.com/registration

Certification

The Meeting has been accredited by SGC-SSC with 16 CME and by Swiss Orthopaedics with 16 CME credits. German Medical Associations convert the credits when the certificate is submitted.

Accommodation

For room reservations in Zurich or Solothurn please visit the course website: swiss-pelvic-and-acetabular-course.com/hotel

EXCEEDING THE
HIGHEST STANDARDS.
YOURS.

EVERYTHING YOU NEED
FOR EVERYTHING YOU DO

We're hip and femur fracture specialists – providing the broadest portfolio of best-in-class products and services, unparalleled expertise, and the most expansive resources in the industry. You never know what your next patient may require, that's why we are committed to supporting everything you may need.
